PRINCIPAL'S LETTER

Emma Reynolds

As we approach half term, we can reflect on a hugely successful return to college life for staff and students without the limitations of Covid-19 restrictions. Classroom lessons have been in full flow and after college extra-curricular sessions have resumed with a wide range of clubs and activities on offer. We are also delighted to plan for trips, both national and international, over the course of this academic year.

Year 9 have settled in well to college life and in early October students were treated to a team building exercise of overnight camping and hiking the 5 miles back to college. Fortunately, the weather was mostly dry and mild; well done to all who took part and thank you to those who coordinated the event and ran the activities.

Our TAG, Talented and Gifted Programme, has started the year really well with visiting speakers and events already happening. Equally 'Next Steps', our careers advisory service, is led and manned by some very experienced staff with students benefiting from the opportunities and wise advice they can recommend.

At the end of September, Frome College hosted an Open Evening for families to visit our site, meet teachers and speak to students in their classrooms. It was a superbly attended event and we were immensely proud of all the students who participated; the speakers, musicians and tour guides, all of whom received such positive and welcome feedback from our visitors. We continue to offer Open Morning Tours to families, each Wednesday between 9 am and 10 am. Our Sixth Form goes from strength to strength; this year we have well over 300 students on roll in Sixth Form and offer 35 different courses of study. If you are thinking about joining our Sixth Form, Options Evening is on Thursday 24th November.

Our TAG, Talented and Gifted Programme, has started the year really well with visiting speakers and events already happening. Equally 'Next Steps', our careers advisory service, is led and manned by some very experienced staff with students benefiting from the opportunities and wise advice they can recommend.

Frome College musicians have been as busy as ever, providing musical accompaniment to college events, as well as busking around Frome, performing at the Independent Market and also gigging on the renowned Cheese and Grain. Our Drama department has held auditions for 'School of Rock' which is already busy with rehearsals for the production to be held in Spring 2023.

Our rugby teams have been successful in recent matches, and it has been great to see both sporting prowess and camaraderie back on display. We have even managed to host a college swimming gala for the first time in a number of years!

I wish all families a well-earned rest over the half term and look forward to welcoming all back to College on Monday 31st October.

Emma Reynolds
Principal

Grow It Cook It Students Win Award for Blooming Great Gardening

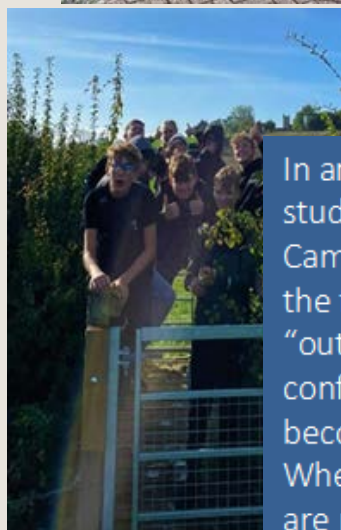

Frome College's 'Grow It Cook It' students have won a prestigious gold award and a trophy in this year's Frome In Bloom competition. Course leader Emma Hurst said "I am so proud of the students. When the academic year was winding down for everyone else, things were heating up in the garden for the 'Grow It Cook It' students. They battled the high temperatures and low levels of rainfall so the garden was at its best for not only this event, but also Frome Hidden Gardens"

Emma Hurst,
Course Leader with
Emma Reynolds,
Principal, and the
Frome in Bloom
Trophy

YEAR 9'S OUTDOOR ADVENTURE

In another first since covid event, our intrepid year 9 students spent a night under cover at Pitch Perfect Camping, in Wolverton, before walking back to school the following morning. Trip leader, Theo Pavli said "outdoor experiences help young people to develop self-confidence, independence and self-esteem. They also become aware of limits, boundaries and challenges. When young people are used to activities outdoors, they are more likely to try new activities."

INTRODUCING....

Theo Pavli has joined us as Outdoor Education Coordinator. Originally from the Lake District, Theo enjoys walking, snowboarding and surfing, as well as playing football for Wells City A team! Theo has taken charge of our highly successful DofE programme and is working with the Combined Cadet Force (Royal Navy) (CCF(RN)) unit in driving recruitment and organising activities.

RESULTS DAY JOY!

Post 16

Congratulations were the order of the day back in August, when A level and BTEC results were received. It had been an incredibly tough two years for these students as they were unable to sit GCSE examinations in 2020, and so the summer's exams were their first external assessments. The resilience our students showed under such conditions was remarkable. We all hold a very high opinion of this year group- they have been through a lot and deserve every success for a bright, happy future, whether that be going to university, employment, apprenticeship, or gap year travel.

RESULTS DAY JOY PART 2!

GCSE & BTEC

Not to be left out, Year 11 students achieved an equally spectacular set of exam results. Principal Emma Reynolds said “We are incredibly proud of the achievements and progress of all of our students. Our young people have shown great resilience, determination and dedication to their studies and richly deserve these achievements. Our success is grounded in the strong relationships fostered at this college, the dedication of all our staff, consistent high-quality teaching and support from our families. Frome College Governors and I would like to thank parents, carers, staff and students for such a successful year in the face of unprecedented disruption. We have many success stories to share this year and given that our year 11 students have been through so much, it is especially important to remember that behind these qualifications are many hours of hard work.”

INTRODUCING....

During my secondary education, school was my favourite place to be. Like many teenagers growing up was not an easy ride but I always knew I was loved and believed in at school. My maths and history teachers in particular made me love school. I had always been a bit of a maths geek so when I took physics at A level, I knew I had found my passion. During my astrophysics studies at university, I was an outreach ambassador. I went into schools and delivered sessions on astronomy and science, I really enjoyed getting students excited about science! From this I then completed a summer teaching internship and was convinced this was the job for me and where I belonged. I then qualified and taught in Surrey for 4 years before moving to the gorgeous city of Bath last summer.

I am really excited to start my teaching career here as an ECT having finished my teacher training in Bristol last summer. I'm a Londoner but I moved down to the south-west for university and have never looked back. As an individual I really value responsibility and reflection, I believe it's important to balance both ambition and restraint. Virtues which I developed in my previous job, training as a Chef, and carry with me now in all that I do.

In my spare time I like to play pool with friends, listen to all kinds of music and practice martial arts. As a teacher I am really passionate about my subject and strongly believe in the importance of what young people can learn from it. I like to have fun in my lessons and strive for strong working relationships with all of my pupils which are underpinned by a sense of mutual respect and a pursuit of self-improvement.

I have an undergraduate degree in Digital Art and Design. I was previously a chef. Since then, I gained my degree and have been a multimedia designer, photographer, and artist.

I completed my PGCE down home in Cornwall and this is my first full time post. My big passions in life besides teaching are art, cinema, food, and travel. An ideal day would be sat in a café in a new city, with my field sketching kit, just sketching and painting. With a coffee and big slice of local cake of course.

I started working in the back of house admin team this September. I cover Finance. Trips, HR and Reception when required. It's very busy but I work with a lovely team of people that make every day fun! I live in Frome and own a dog that looks just like 'The Grim' from Harry Potter, but she is really a friendly, gorgeous girl that loves everyone.

I am delighted to take on the role of Head of Modern Foreign Languages at the College, and excited about a number of MFL initiatives we have planned for this year and beyond.

I have always loved languages: in Latvia, where I grew up, one needs three languages (Latvian, Russian, and English) to function fully in society, so the advantages of knowing another language have always been evident to me. I went on to study languages and linguistics at university and have worked in schools in the South-West of the UK ever since getting my teaching degree. I am naturally quite shy and do sympathize with students who are scared of speaking in class: on my exchange year abroad, I was absolutely terrified every time I had to buy bread! Teaching others to speak up has given me more confidence.

Every term, Maths teachers nominate one student from each of their classes as a Maths Hero. The reason can be because of the students' progress, achievement or resilience, to name just a few. Each term these names are posted on the wall in the Maths corridor and congratulation letters are sent home to parents. Well done!

Our A Level Maths Students have had a busy few weeks.....

On Wednesday 28th September, 4 of Frome College's top female A Level Mathematicians, entered the UKMT Mathematical Olympiad for Girls. This is an extremely challenging competition aimed at girls and young women in the UK designed to promote and celebrate their achievements in mathematics. Maths is often perceived to be a male dominated subject, and the girls conducted themselves exceptionally well (as always)!

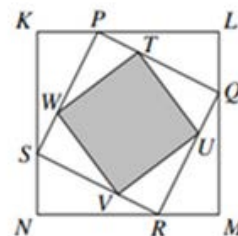

On Tuesday 4th October 2022, 35 of our talented A Level Mathematicians took part in the UKMT Senior Maths Challenge, a competition designed to encourage mathematical reasoning, precision of thought, and fluency in using basic mathematical techniques to solve interesting problems. Congratulations to all who took part, we look forward to receiving the results in a few weeks.

These are some of the questions they had to tackle. How would you fare?

The diagram shows a square, $KLMN$. A second square $PQRS$ is drawn inside it, as shown in the diagram, where P divides the side KL in the ratio $1 : 2$. Similarly, a third square $TUVW$ is drawn inside $PQRS$ with T dividing PQ in the ratio $1 : 2$.

What fraction of the area of $KLMN$ is shaded?

- A $\frac{25}{81}$ B $\frac{16}{49}$ C $\frac{4}{9}$ D $\frac{40}{81}$ E $\frac{2}{3}$

What is the value of $\frac{4^{800}}{8^{400}}$?

- A $\frac{1}{2^{400}}$ B $\frac{1}{2^{200}}$ C 1 D 2^{200} E 2^{400}

Open Evening

A tale of fire, curry and record breaking crowds!

Dr. Smith showing that science can be magical as he holds fire in his hands

Our first 'in person' Open Evening since the pandemic saw a record breaking 700 people attend tours of the site, which were all led by student ambassadors.

Visitors were treated to explosive science lessons, art galleries, dance, and theatre recitals, as well as tasty takeaways from catering company Chartwells.

For the first time, the evening also offered a chance to view the Post 16 facilities in Futures and students travelled in from all over the area to see what they could gain by enrolling at Frome College Futures.

Rueben, yr 9, on the lathe

Principal, Emma Reynolds, said: " We have been delighted to welcome so many parents and potential students to our school. We want to educate and inspire the next generation and we strongly believe in achieving success by working together with parents. Having so many of them here on site and enjoying what we have to offer is the perfect opportunity to build and strengthen the home school bond".

Our school caterers, Chartwells, provided a feast for visitors to sample. Curries, pizzas, burgers, cakes and fresh fruit were all on offer .

Community News

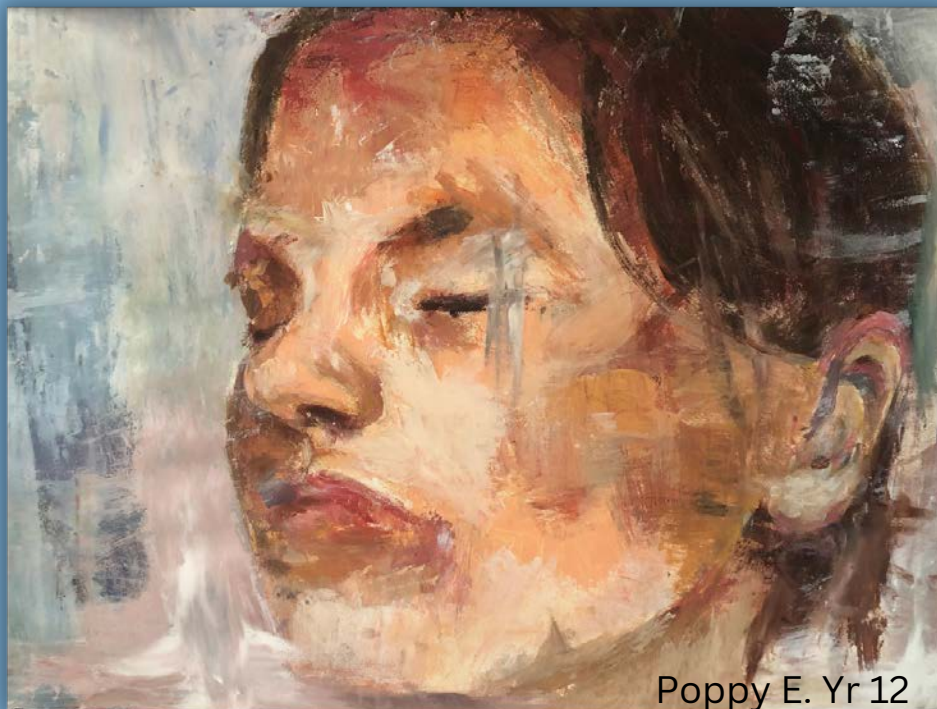

Thank you to the Frome Selwood Rotary club for their generous donation; the funds will be used to support the Duke of Edinburgh trips and for food vouchers to help some of our families who are struggling with the cost of living.

Well done to Mars House who, through a cake decorating stall, raised a whopping £223.95 for their House charity Young Somerset.

Thomas W. Yr 13

Sporting News

Yr 10 Rugby

A strong team performance beat Kingdown and Norton Hill, narrowly losing to St Augustines. A stand out defensive performance from Ben FH and some aggressive hard running from Zach S and Oscar S.

Swimming Gala

Over 40 students from year 9–11 took part in the annual Swimming Gala last Friday. Students from each House swam against each other in a number of races, including butterfly, freestyle and breast stroke, accumulating points for places. At the end of the Gala, the results were:-

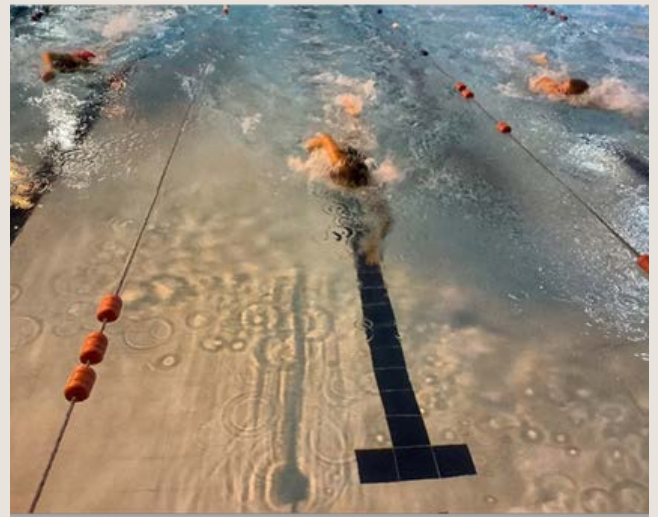

1st Mars with 630 points

2nd Neptune with 530 points

3rd Saturn with 435 points

4th Jupiter with 280 points

There were some stand out individual performances from Jonas T, Mia P and Alisha F. Well done to all the swimmers that took part.

Year 10 Football

The team lost in the last few minutes 3 – 2 to Chew Valley. Two great goals from Alfric B and Sasha P saw Frome College take the lead twice but lost it on both occasions. Unlucky boys.

Rugby Somerset Cup

Frome College year 10 rugby put on a strong performance dismantling Huish Episcopi by 26 – 5 to reach the next round of the Somerset Cup. Strong, physical performances from. Alfric B, Harry GL, Ewan C and Oscar S helped build a lead throughout the duration of the game. Well played men!

Cross Country

Training is well under way for the Inter-House Cross Country on Tuesday 8th November

Community Sports Leaders

Year 10 Community Sports Leaders are completing qualifications to enable them to lead other students in sports sessions and support a future athletics event for the first and middle schools.

Safeguarding Notices

Attendance

In the case of absence or late arrival please contact us as soon as possible.

Email: FCC.Attendance@fromecollege.org

Telephone 01373 469008(Attendance) or 01373 465353(choose option 1).

New contact details?

If you change your mobile, home or work phone numbers, email address, home address or emergency contacts, please don't forget to let us know!

Contact the Admin Team:

Email: office@fromecollege.org

Telephone: 01373 465353

Write: Admin, Frome College, Bath Road, Frome, Somerset, BA11 2HQ.

Students are not allowed to leave the campus at any time during the day, except by prior arrangement (e.g. medical appointment) or if they are feeling unwell and have been seen by a First Aider.

Your child will need to go to Student Services to sign out. When you come to collect your child, please buzz at the gate in the lower car park (to the right of the Merlin Theatre); Reception staff will ask Student Services to send your child to meet you.

If your child arrives back at College later in the day, they will need to sign in at Student Services.

*For all student-related, concerns
or queries please phone
01373 469037*

Mobile Phone Policy

Students may bring personal hand-held devices (e.g. phone/tablet) to school with them, but can only use it at break and lunch. Phones must be switched off and not visible during or between lessons.

If students use a device when it is not permitted, it is liable to be confiscated. Students must only access the internet using the College's filtered WiFi. Earphones are not to be visible at any time during the College day.

All such items are brought into College at the student's own risk. We cannot be responsible for any loss/damage.

We use Schoolcomms as our main communication tool to email parents/carers information and our weekly Principal's letter.

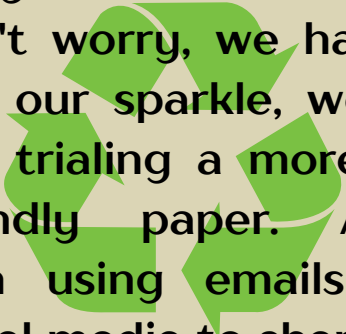

If you have changed your email address or would like to add one to our system, please contact office@fromecollege.org

GOT NEWS?

If you have anything you would like included in any of our news areas, or would like more information about the advertising opportunities on offer, please contact:
Jennie Owen, Marketing and Communications Officer
