

Minutes of meeting: Meeting with Mrs Windsor			
Date:	08.01.24		
Item	Action agreed	Who to action?	By what date?
Previous minutes	<ul style="list-style-type: none"> - More indoor spaces: more teachers asked, more giving spaces on wet days, will keep looking for funding. - Timing for when the gates are open: 8.45am the gates are - Mufti Days: WHY in Summer Term, one at the end of this term – 9th Feb. - Toilets: CCTV now in A Block. Speaking to all students who have used this as a social area this week. - More gym equipment: waiting for this. - Better food in the canteen: Mrs Reynolds is working with the catering company of this. - Too much tutor time: KWI explained the advantages found in the review. - Chewing gum: we won't change the policy on this. - Wear PE to school when we have this first lesson: this doesn't work for consistency, so we won't change the policy on this. - More praise for Year 11s: we have raised this with teachers. 	N/A	N/A
Thank yous	<ul style="list-style-type: none"> - Mr Cantrell: really great – always fun and brings a great energy. Really nice and helps us a lot. He always helps us to find a way to solve problems. Lesson structure. - Mrs Wells: really patient. - Mrs Sprawson White: really nice and helpful. - Mr Woodward: really funny. - Dr Ruggerio: really appreciate the TAG trips. - Mr Howlett: really good energy in PE lessons. - Mr Wilkins- Pratt: a good sense of humour. Really funny and always knows what to do. - Mr McCarthy: a really nice person. - Ms. Plomer: really supportive, helpful and engaging. 	KWI – pass onto teachers	12.01.23

	<ul style="list-style-type: none"> - Ms. Henry: great behaviour management but also has a good laugh with us. - Ms. Harper: great Dance lessons and help with coursework. I love her lessons – she is great dancer. - Ms. Reid: always explains everything in a way everyone can understand. Her lessons are enjoyable (Maths). - Mr M Jones: his lessons are really fun and he engages us with debate. - Mrs Henry for Revision classes. 		
www	<ul style="list-style-type: none"> - Places to eat indoors. - Drama: lessons are really enjoyable (Year 9). - Lots of supportive teachers: listen to children when they struggle or have problems especially outside of lessons. Tutors are really supportive. - Experiments in Science. - GCSE choices: I would like double lessons in Health and Social Care. - Media Studies: Adobe – enjoy using the software. - Crackdown on Vaping: this is a great idea, and this is working well. Leaving your phone is popular – students are saying this is discouraging vaping as students won't do it alone. - People are enjoying their chosen subjects in Year 9. - Tutor Time: I like to Round and Quizzes. - Sport lessons: lots of choice. - Clubs: lots of choice – enjoying. - Being allowed phones at break times. - Library: great at social times – like the quiet section. - Good support with mocks. - End of year assembly – we really enjoyed this. 	KWI to feedback to back to SLT and HC and DHC to feedback to Mrs Reynolds	This term
EBI	<ul style="list-style-type: none"> - Getting onto FROG to access ClassCharts – this doesn't work as well. Advised of the way around that. - Notifications: let's move to ClassCharts for all notifications from next term – KWI to check with SLT. All students want this. Staff training needed to complete this. - Reading lessons: some more variety in lessons instead of just being read to in lessons – English lessons. This was varied from different classes. 	KWI to feedback to back to SLT and HC and DHC to feedback to Mrs Reynolds	This term

	<ul style="list-style-type: none">- Sparx Maths: mixed opinion on this. www = videos can be useful, ebi = too much homework (6 sections every week – it takes a hour – this is too long), you need to do a 100% to pass – can't not pass it so you have to keep doing it - it doesn't tell you the answer and how to do it like Hegarty, the videos aren't always specifically linked to the questions, book work checks – it can be overwhelming to find you've made a lot of mistakes, sometimes Sparx she it's wrong when I think it's right, ask the teacher flag isn't helpful for those who haven't got one at the moment, some people's questions do move onto a different question that isn't the same – frustrated that they still don't know how to do it, the sections are balanced – some have 2 questions, some have 8 questions, find it frustrating that you have to start the working again – this takes a lot of space in books, need Scientific calculator (some students don't have them), takes a long time to write the process down, all students said they don't like, Year 10s preferred Hegarty.- Corridor Etiquette: sometimes too crowded and people stand around. Teachers to let students in straight away.- Basketball Court – is open.- Earrings: want to wear more.- Tutor Group: mock support for Year 10.- Camera in A Blocks have moved people to E and H Blocks: Student Council advised on rules around multiple people in toilets – feedback to tutor group and that there are camera in there.- English Homework: Bedrock is really glitchy. Students getting detentions when they haven't done it when they have. Videos are really long and not always helpful and/needed. Entered right answer as wrong when it is right – gives me the answer I have just given. Loading takes too long (Merlin in Year 9). Some people are kicked out before 30 mins are up.- Chips: too crunchy and hard.- More water fountains – some are broken.- People opening locks with coins: students advised to report.- Variety of the food in the canteen – can the rota be longer.- Canteen prices, queue length and quality.		
--	---	--	--

	<ul style="list-style-type: none"> - Seating plans: some are sometimes unfair – some would like to work with their friends – some people are moved because of other people’s behaviour. - More matches – rugby and netballs – more games at break times. - Strictness on homework: teachers used to give an extension before behaviour points given. - No gluten free options in canteen. - Trips are too expensive. - AIM programme isn’t fair – some AIM students don’t behave well in lessons. - Corridor Etiquette: top floors of Hums and Eng are small and need an intervention/approach that all students follow. - We would like to support the ways in which College could improve the support for mocks for Year 11. - More bins. - More interventions during tutor time for Year 11. - For College to be less strict about punctuality. 		
Earth House	<ul style="list-style-type: none"> - Mrs Le Pivert visited Student Council to talk about Earth House. - Mrs Le Pivert to visit the next Student Council meeting with Earth House members in the next meeting. 	ALP	Next meeting
Next Meeting	<ul style="list-style-type: none"> - 20th March 	All	20/03/24
